Speed-Dating opportunity to find a collaboration partner.

2:00 – 3:45

Mendenhall Community Center

1414 Wirt Road (Spring Branch)

Bring examples or photos of visual work, or short examples of written work, or be ready to explain or show performance work or any other creative endeavor.

Depending on the number of participants, we may take turns going around the circle and doing a show 'n tell, or if we have enough, we can set this up as speed-dating.

If you already came to the speed-dating meeting but were unable to connect with someone, please plan to visit this meeting!
